Re: Grievance

My name is Benjamin W Mitchell JS  
B# 441-06-01736 15B38. This is

my second attempt to resolve

this matter. On April 24, 2007

I went to Bellevue Hospital

for an Endoscopy and a Biopsy

The results came back negative

So, again please make an appointment

so that the surgeons can take

(remove) the medi-port from my

chest area which is attached

to my main vein. This is critical

to my well being. If I am harmed,

-2-

or attacked in any way it could  
be fatal. This is my second  
request. Please comply!

Thank you

B Mitchell

P.S. I have been on this  
Island for over (19) fifteen  
months. I have not been  
able to get any fresh air  
per (FHS) doctors not to go to  
the yard until medipart is  
removed.
